

WHY DOES FEF NEED ME?

With the support of visionary professionals, FEF will continue to serve the industry – protecting college programs and keeping them up-to-date with technology advances in the industry.

The FEF receives no funds beyond donations from contributors like you. With your generous support FEF can continue to:

- Introduce young adults to the metal casting industry by sharing with them the experience and excitement of metal casting.
- Prepare students for careers in metal casting and related industries by supporting a variety of carefully vetted educational programs.

STUDENTS ATTENDING THE ANNUAL CIC IN THEIR OWN WORDS...

- I was very impressed by the organization, industry people and presentations during the (CIC) College Industry Conference. Each of these aspects are tools that help students to identify, create and follow a path to be successful in our professional life.
- The College Industry Conference solidified my plans that I want a job in the metal casting industry. Everyone that I spoke with was very kind and supportive. Every company works together in a way that you just don't see in other industries.
- The CIC was invaluable to me. I could not have imagined a better atmosphere to be in right before graduation. Conversations with industry reps helped so much on getting an idea of what companies are out there. Having all those people with a similar interest in one place was uplifting. The opportunity to network was priceless. I am set on entering the casting industry.
- This conference has given me an even stronger drive to become part of this industry. Because of my attendance I feel that I have a greater passion for metal casting. I would also someday like to represent FEF as I have seen what a great foundation it is.

WHAT IS FEF?

For more than 60 years, FEF has enabled students to learn about the metal casting industry through:

- special events
- educational opportunities, including scholarships and quality curricula
- dedicated Key Professors

The FEF partners with its accredited and affiliated schools in North America that graduate skilled men and women from the finest engineering curricula. These students are encouraged to pursue careers in our dynamic industry by “Key Professors” at each of the FEF schools. They provide local leadership, encouragement, and feedback.

WHAT DOES FEF DO?

Throughout our history, FEF has provided millions of dollars in scholarships to thousands of students in metal casting. This continues to be possible because of the generosity of our industry friends, like you. FEF is the single largest factor for the transition of new technology into the workplace through FEF students who hit the ground running.

- The FEF annually distributes nearly 90% of the funds received in scholarships and program support.
- An average of 75% of the FEF scholarship recipients enter the industry following graduation.
- FEF estimates that more than 25,000 students have benefited from its outreach and activities.

WAYS TO GIVE

Annual Scholarship Fund

Your individual or company contribution to the Annual Scholarship Fund will help the Foundation meet ever increasing demands for scholarship awards.

Gifts of Appreciated Property

The Foundation accepts gifts of appreciated stock, real estate and other approved properties. There is no capital gains tax when this type of gift is made.

Memorial Gifts

You may designate any gift or bequest as a memorial in the name of a loved one or friend.

Estate Planning

Including FEF in your planned giving through the Saugus Society, allows you to “vote with your dollars” – supporting an organization you feel is important and deserving. Any amount can be left completely tax free.

Tax Deductible

Your contributions are fully tax-deductible as allowed by law. The FEF is a tax-exempt organization under Section 501 (c)(3) of the IRS code, and is not classified as a private foundation as defined in Section 509(a).
