

Metal Casting Instructors Seminar

June 18th, 2006 to June 21st, 2006

Instructors of metalworking courses in Secondary Schools and Community Colleges will have the opportunity to learn the latest techniques and developments in the cast metals field from leading foundry technologists and educators at Pittsburg State University, Pittsburg, Kansas, June 18th–21st, 2006.

Invitations to the metal casting instructor's seminar are being extended by **Foundry Educational Foundation, the H. H. Harris Foundation and Pittsburg State University.**

These invitations are to instructors at schools maintaining technology facilities or metal casting shops with related molding, pouring, and patternmaking areas. Also invited are directors and supervisors of these programs.

This seminar has a fee of **\$250.00** used to partially cover the expenses of the program and your materials while at Pittsburg State University. All materials and supplies are included with the program. In addition all meals while at PSU are included. On housing is also provided to attendees traveling more than 30 miles from PSU by the generosity of the Foundry Educational Foundation and the H.H. Harris foundation. The major expenses for this program are covered by these foundations in an effort to foster quality metal casting education in the United States.

Opportunity for university graduate and undergraduate credit is available. Additional University fees will apply. Details will be furnished upon acceptance of registration.
